

COMMERCIAL EXTERIOR GRANT

Overview

The goal of the Commercial Exterior Grant is to support revitalization of commercial and mixed-use properties within the Tampa Community Redevelopment (TCRA) Areas of eligible building façade and exterior site improvements. The intent is to enhance the appearance of buildings and properties thereby eliminating slum and/or blight and non-conforming design standards. It is also designed to increase property values by encouraging improvements and spur private investment within each of the TCRA's.

This is a matching grant providing a maximum 50% reimbursement for eligible improvements that must include the building's street-side. Grant maximums are dependent on the CRA area in which the property is located (**see table below**). On a case-by-case basis, projects implementing the design resulting from the use of the Pre-Development grant may be eligible to receive 60% reimbursement. All TCRA commercial grants, except for Special Projects, may be stacked, up to a maximum of three grants. A single expense shall only be reimbursed once.

CRA Area	Maximum Grant Amount
Central Park	\$50,000
Channel District	\$50,000
Downtown	\$50,000
Drew Park	\$50,000
East Tampa	\$75,000
Tampa Heights/Riverfront	\$20,000
West Tampa	\$75,000
Ybor I	\$25,000

Process

Grants shall be awarded on a first-qualified, first-awarded basis while fiscal year funds are available. Applicants may exhaust the maximum allowable grant across each TCRA. Any work, including pulling permits, must begin after the grant award letter has been issued unless utilizing Pre-Development Level II. Failure to follow the process shall render your application ineligible for grant funding/reimbursement.

TCRA staff shall provide an application, and any other necessary forms, following a successful pre-application meeting. Within ten (10) business days of application submittal, TCRA staff shall review applications for completeness and accuracy and notify the applicant regarding any deficiencies or issues with the application or if additional information is required. Applications are considered submitted once all required documents have been received. Incomplete applications shall only be held open for a maximum of 60 days after initial submission. At the conclusion of this 60-day period, if the application remains incomplete, it shall be withdrawn by staff. Thereafter, an Applicant shall have to reapply for a grant by submitting an entirely new grant application for the project, including any documents originally submitted by the Applicant in connection with its initial application.

Any material changes to the project must be disclosed and approved in advanced. The associated expense may trigger the need to execute a grant agreement and restrictive covenants.

CRA staff shall review all complete applications and score them based on the grant award criteria and issue an approval or denial letter.
