### Waitlist

Most classes are full, so we keep waitlists for each. To get on a waitlist, you can call, send e-mail, or direct message us with the specific class(es) you are interested in, with your full name, phone number, and e-mail address. If it is for a kids' class, we need their full name(s) and age(s). We will use this to contact you once space opens.

Please remember, this is first-come, first-served, so we thank you for your patience ahead of time. We do encourage you to get on multiple waitlists (at other studios as well) to increase your chances of getting a call back. Thank you!
