

STORMWATER POND

At North 22nd St. between E Chelsea St & E Osborne Ave

PROJECT DETAILS

CRA District: East Tampa

City Council District: 5

Address: At North 22nd St Tampa, FL

CRA Funding Amount: \$ 1,500,000 (FY25)

PROJECT DESCRIPTION

The scope of the work includes improvements to the stormwater retention pond by planting native species along the slope of the ponds, installing landscaped plant beds, and fence relocation as needed.

PUBLIC BENEFIT

The pond will retain stormwater runoff. Will provide shade and streetscape. Creates vibrant, inviting, well-designed public space, that promote health wellness and socialization.

TAMPA CRA OBJECTIVES MET:

Tampa CRA's "Quality of Life" improvement goals.

EAST TAMPA CRP:

CRP recommends unattractive stormwater ponds be redesigned as neighborhood amenities or park-like settings. SAP 4 recommends enhancing stormwater ponds with environmental tree plantings or as recreational spaces and open space amenities to add value to neighborhoods.
